has clean lost sight of her share of the obligation—the Monroe Doctrine has become an appalling danger to Britain, the United States and to the peace of the world." The point to which the argument all tends is the possibility of the fulfillment of the original motive of the Monroe doctrine. "What both nations want—may what the whole civilized world, whether neutral or belligerent is entitled to demand, if a tithe of the atrocities alleged against Germany can be established" Mr. Frewer says, "is that her flag shall clean disappear from all the ocean highways" and "and if no German merchant marine, then too no German Dreadnoughts, and New York can sleep in its beds; the Monroe Doctrine endures at no cost to America, fully equipped, unchallengeable."

AMERICA AND GERMANY.

THREE must necessarily be a great deal of speculation as to what a rupture of diplomatic relations between the United States and Germany would entail. In this connection there is an extremely interesting article in the *Nineteenth Century* by Mr. MORRIS FREWER on the subject of the Monroe Doctrine and the Great War. The "unpreparedness" of the United States for War is admitted, and Mr. Frewer starts with the assumption that the United States, "the wealthiest community in the world" cannot possibly protect this wealth against a German invasion for many years to come. "It will be surprising," he writes, "if peace concluded and Germany terribly impoverished, with perhaps foreign receivers in possession, she does not, her fleet still in being, at once pick a quarrel with the United States. Where can she so readily recoup her great war losses as in those Safe Deposit vaults in New York? Nor, were Germany unsuccessful in such a raid, does she risk any reprisals on the part of the United States. It is not Germany that has many thousand miles of coast line, with innumerable cities exposed to attack." From this quotation the line of Mr. Frewer's argument can easily be guessed. He traces the origin of the Monroe Doctrine through the cross currents of diplomacy, and shows that the "idea emanated from Great Britain—from Mr. Canning in particular—as an answer to the Holy Alliance. The American Minister, in communicating to President Monroe the suggestion made by Canning, said the belief that a combination of America with England in notifying to the Holy Alliance "Hands off in South America," would have the moral effect of putting off any such intention on the part of a Continental Power, was founded "upon the large share of the maritime power of the world which Great Britain and the United States shared between them, and the consequent influence which the knowledge of their common policy could not fail to produce on the rest of the world." Mr. Frewer emphasises that CANNING'S "balance" is contingent on Great Britain plus America, jointly guaranteeing the control of the sea. "Failing to live up to that guarantee," said America

CRIMINAL SESSIONS.

POISONED MILK.

The Criminal Sessions re-opened today before the Puisne Judge, Mr. H. H. J. Gompertz, when the hearing of the case against a Chinese doctor named Cheuk Kuk of administering poison to an Indian, Nizam Din, was resumed.

After hearing the evidence the jury found prisoner guilty.

Sentence was deferred.

CORROSIVE FLUID CHARGE.

Puruli, indicted on a charge of throwing corrosive fluid with intent to burn certain people in Belcher's Street on March 2nd, pleaded not guilty.

Mr. G. N. Orme prosecuted in behalf of the Crown and Mr. Findlay Smith, instructed by Mr. Leo. D'Almada, defended.

The Crown Prosecutor said that on the evening mentioned prisoner was in a brothel in company with several other people. The circumstances of the case were that a bottle of Belcher's Street had a grievance against a woman of No. 33. She apparently still owed him \$2 and he consulted some of his coolie friends and they agreed to go ostensibly at any rate to get the money. They accordingly went along to the second floor of No. 33, where they saw the woman. The coolie did not delay in making his presence felt and suggested violence. The prisoner, who was with the woman, suggested reasons. It was alleged that the prisoner took out a bottle wrapped in a handkerchief and waved it about and three persons were injured. One had lost the sight of an eye. Among the witnesses who would be called would be Mr. Franklin of the University who would say the prisoner was employed by him and that part of his duty was the clearing out from time to time of the laboratory and that in that capacity, he had the opportunity to take a moderate quantity of nitric acid without the quantity being missed.

The evidence was then taken.

THE FRAUD ON THE RUSSO-ASIATIC BANK.

In the indictment against Mak Lai Yun heard last week of forging a bill of exchange on the Russo-Asiatic Bank, to which a plea of guilty was entered, the Puisne Judge ordered the prisoner to be bound over in two sureties of \$1,500 each for twelve months.

SOCIAL AND PERSONAL.

Mr. D. B. Murray has been appointed manager of the Singapore branch of the Union Insurance Society of Canton, Limited.

Major-General H. T. Jones-Vaughan, who commanded the troops, Straits Settlements, 1894-1901, died on the 13th instant, at Home.

Mr. S. S. Sellick, of Messrs. Jardine Matheson and Co., Ltd., has been gazetted Lieutenant in the Motor Machine Gun Service.

Mr. K. Moore, of the Singapore staff of the Hongkong and Shanghai Bank, has left the service of the bank and has gone Home to join the army.

Lieut. J. Bell Irving, of the 1st Lancashire Yeomanry, has been temporarily seconded for duty as Assistant Railways Transport Officer at Port Said.

Mr and Mrs A. D. Brent, of the Hongkong and Shanghai Bank, Harbin, arrived in Shanghai last week intending to stay there a few days. They are not going Home this year as they had at one time planned.

Many friends in the East of Lieut. "Tommy" Crocker, formerly of H.M.S. Cleo, will hear with deep regret that he had been killed by a railway truck during shunting operations on the mead of sidings which the necessity of handling war material has caused to spring up at Port Said. Lieut. Crocker has only arrived at that port a few days previously to take up flying duties.

Captain Henry Keswick, M.P. for the Epsom Division of Surrey, in succession to his father, Mr. Wm. Keswick, has distributed his salary of £400 as a member of Parliament for 1915 amongst the seven hospitals in his constituency. This gives £57 2s. 10d. to each institution. Captain Keswick distributed the whole of the £400, though he had to pay income-tax on £300.

It is stated in a London paper received by yesterday's mail that Sir Walter Hillier, K.C.M.G., is suffering from a general breakdown, brought on by too hard work and too long hours at the Red Cross office. He has been ordered out of town for some months, and has been staying at Falmouth, but failing to find a suitable house there, he is now at a hotel in London.

CHINESE TRANSPORT SUNK.

NEARLY 1,000 LIVES BELIEVED TO BE LOST.

(Reuter's Service to the China Mail.)

SHANGHAI, April 24.
The Chinese cruiser *Haiyung*, in a fog southward of the Chusan Islands, collided with and sank the Chinese transport *Haiyu* which she was convoying.

Only thirty are so far known to have been saved out of a thousand soldiers and crew.

The "Haiyu" was bound from Tientsin to Foochow. The collision occurred near the Peiyusan Light.

ANOTHER CANTON SENSATION.

TSOI NAI WONG SHOT BY GENERAL LUNG'S ORDER.

News comes from Canton today that Tsoi Nai Wong, who has been notorious in connection with the opium and gambling monopolies of Canton, was shot yesterday by order of General Lung Chai Kwong, the Military Governor, who has issued a statement to the following effect:

That Tsoi Nai Wong was the enemy of the native population of the province of Kwangtung. He was a descendant of Yuan Shi Kai while the monarchical movement was in progress, and he came to Canton last year secretly instructed by the Central Government to watch my movements. After the revolution he declared his independence he sought day and night to delay the declaration of the independence of Kwangtung. Tsoi's crimes were numerous and his death has been demanded by the public.

I therefore ordered him to be shot.

Tsoi Nai Wong was a Royal Scholar during the Ching dynasty. He held office as a Taoist at Shanghai and was reputed to have amassed a large fortune during his tenure of that post. When the movement was at its height for the suppression of the opium trade in China, Tsoi was appointed a Commissioner for the Suppression of Opium, but latterly he has been notorious for his interest in the monopoly for the sale of opium in Kwangtung, and is reputed to have made many millions of dollars out of the enterprise. He is also said to have made a very large sum by negotiating the re-establishment of a gambling monopoly in the province. He certainly was intensely disliked by the people of Canton.

SPORTING.

INTER-SERVICES SHOOT.

VOLUNTEER RESERVES WIN BY THREE POINTS.

On the King's Park range yesterday seventeen teams, competing in the Inter-Services shoot. The Hongkong Volunteer Reserves, who from the start—with the exception that they were one point below the Shrophires at the 500 yards—won a memorable contest by the narrow margin of three points. The differences would have been larger had Pte. Brown maintained his form at the 600 yards, but he was only able to contribute 18 to the total. His partners, Pte. Goodman and Pte. McLennan, each handed in 30. Throughout the shoot the Reserves team fired with steady accuracy and their ultimate victory was a distinctly popular one. As the day progressed the competition resolved itself into one for premier place between the Reserves and Shrophires, the latter team, also producing some excellent marksmen, gave the Reserves quite an anxious time. It was Sergt. Small of the latter team that carried off the prize—a gold wrist watch—for the best individual score of the day. Pte. Goodman, 134 and Pte. McLennan 131, being second and third respectively. The possible was 155. Sergt. Small's good work at the 500 yards, when he was one under the possible, gave the Shrophires the lead but at the next range the Reserves were easily superior. The third team in the competition was the 18th Infantry with an aggregate score of 365. The conditions were favourable to good shooting despite the slight haze over the range and the gusts coming from the left. The heat was at times uncomfortable and the spectators sought shelter under the trees. A word should be said in commendation of the arrangements which were carried out under the supervision of Mr. F. C. Jenkin, Deputy Superintendent of Police Reserve, who also organised the shoot. The competitors thoroughly enjoyed the meeting and it was generally hoped that it would be the forerunner of many similar functions. The day was in every way a unique success, reflecting the highest credit on the officials—not forgetting the scorers and the men in the butts, and particularly Mr. Jenkin for his laborious work.

El. E. the Governor arrived before the tiffin interval and was a keen spectator. At the conclusion he presented the prizes and spoke of the shooting, for which he said they had to thank Mr. Jenkin, who conceived the idea of a shoot which was representative of all the armed forces of the Colony. The Governor referred with pride to the success of the Reserves, adding that two of "my children"—Pte. Goodman and Pte. McLennan—had obtained the second and third places respectively in the best individual scores. He also spoke of the close contest between the winners and the Shrophires and congratulated Sergt. Small of the K.S.L.I. on winning the highest aggregate award. H.E. then handed to Private Goodman, on behalf of the Reserves, a silver cup.

Cheers were accorded Mr. and Mrs. Jenkin and the Governor.

The details of the meeting together with the ranges are appended.

ASSOCIATION FOOTBALL.

THE LEAGUE CUP.

The Royal Garrison Artillery defeated the Shrophires yesterday in the final for the Hongkong League Cup by four goals to one. The Shrophires though well beaten put up a very good fight and early in the second half very nearly equalised. The team had quite a fair share of the play and the Garrison were often compelled to strengthen the defence. Swan and Telford scored the first two goals for the Garrison and Davies for the Shrophires. Swan and Draper added the two other goals for the victors.

The Hon. Mr. P. H. Holyoak, subsequently presented the Cup to the R.G.A. (winners of the Senior Division of the League) and the 88th Company R.G.A. (winners of the Junior Division). Commenting on the play, the hon. member said that as an old player he could not help thinking that in the match thus, although the stronger team had won, it had been keenly contested, throughout and considering the excellent the game had aroused, it was an exceedingly clean game. (applause.)

Mr. Holyoak then handed the cup to Lovelock, the R.G.A. captain, and great applause and cheering.

Presenting the Junior Cup to Bombarier Edgeler on behalf of the 88th Company, the hon. Mr. Holyoak remarked that the team had played 12 games and won the lot scoring 35 goals and that having three scored against them. That was an excellent testimony to the consistency of their play and he was sure they would not withhold their praise for such a feat. The foremost of the clever Chinese team in this Division was the clever Chinese team, Lam Long, and he would not be surprised if next season the senior teams found themselves pitted against these clever players. Mr. Holyoak emphasised the remarkable progress of the Chinese in Western sports, and drew attention to the fact that a Chinese youth had won his way through the final of the Tennis Championship (applause) while they also had a Chinese football team heading the evilian element in the Junior Football League.

Mrs. Holyoak was presented with a bouquet and cheer were accorded the hon. member and his wife in conclusion.

HOLIDAY GOLF.

MIXED FOURSOMES COMPETITION AT FANLING.

The ladies' approaching and putting tournament was won by Miss Gordon. Mrs. Dodwell presented the prizes.

THE WAR.

TO-DAY'S TELEGRAMS.

(Reuter's Service to the China Mail.)

GERMANY AND IRELAND.

ATTEMPT TO LAND AN ARMY.

GERMAN AUXILIARY CRUISER SUNK.

SIR ROGER CASEMENT AMONG THE CAPTIVES.

LONDON, April 24.

The Admiralty announces that an attempt has been made to land an army and ammunition in Ireland, by a vessel under the guise of a neutral merchant ship, but in reality a German auxiliary cruiser, in conjunction with a German submarine.

The auxiliary cruiser was sunk and a number of those on board were captured, including Sir Roger Casement, who has been conducting an anti-British campaign in Germany and elsewhere since the beginning of the war.

THE VERDUN REGION.

FRENCH CONTINUE TO MAKE PROGRESS.

PARIS, April 24.

The French continue to make progress. To-day's communiqué says: A German attack at Passy was repulsed with loss.

We dispersed enemy reconnaissance forces west of the Meuse.

French bombers advanced north-west of Chantreaux Wood, taking prisoners.

The Germans are brisquely bombarding Dardennes Hill, and there is a lively artillery duel in the forest of Apremont.

We carried an enemy post in the Vosges in the direction of Bonhomme.

French air squadrons in Belgium twice bombarded the railway station of Verviers with heavy bombs, many of which found their objective. All the aeroplanes returned.

PARIS, April 25.

Last night's communiqué states: West of the Meuse the enemy in the afternoon violently bombarded the Northmeuse positions.

East of the Meuse and in Woivre there has been intermittent artillery activity.

Elsewhere there has been nothing to report.

French air squadrons were active on Sunday night. Twenty-nine bombs were dropped on the station of Langueux, five on the station of St. Enay, twelve on bivouacs east of Dun, and thirty-two on bivouacs in the region of Montfaucon and the station of Nanteuil.

THE BRITISH FRONT.

LONDON, April 24.

A British communiqué says: There has been some mining activity in the Loos salient and at Neuve Chapelle, reciprocal artillery at Neville Angres, the Ypres-Comines Canal, and at Hooge.

A hostile aeroplane was brought down by gunfire at Ploegstreet, the pilot and observer being killed.

A British machine is missing.

ENEMY AEROPLANE VISITS DOYER.

LONDON, April 24.

It is officially announced that an enemy aeroplane appeared at Dover this morning, but the anti-aircraft guns drove it off. No bombs were dropped.

ANOTHER ZEPPELIN RAID ON ENGLAND.

LONDON, April 25.

The War Office announces that three Zeppelins are reported to have arrived from seaward over the Eastern Counties to-night.

Two crossed the coast of Norfolk shortly before 10.30, and another about 11 o'clock.

A few incendiary bombs have been dropped so far.

BRITISH SUCCESS IN EAST AFRICA.

LONDON, April 24.

It is officially announced that General Smuts reports that the British troops, after defeating the enemy before Kigoma, Tanganyika, on April 19, occupied the place.

The Germans suffered considerable losses and retreated in the direction of the railway.

THE CRATER-CONTEST AT ST. ELOI.

LONDON, April 24.

The share of the Canadian troops in the crater contest at St. Eloi was splendid.

The craters, caused by the mines by which the British captured German trenches, are from 50 ft. to 100 ft. deep, often with precipitous sides.

The Canadians ordered to hold them were subjected day and night to incessant shelling, the nature of which is exemplified by the fact that 200 trench-mortar bombs fell into one crater in two hours. Nevertheless the Canadians worked most calmly constructing parapets, while bombing parties crawled through holes and attacked the Germans.

There were constant attacks. The German machine-guns were outclassed by the British in the proportion of 3 to 2 shells.

When the German crowding attack was made on the main crater, the assaults were mowed down by British artillery, but a remnant got through and captured the crater after a desperate fight with the Canadians. When the British heard the news he hurried up to the scene. He was twice buried by the German fire, but was dug out and he organised the battle for the recovery of the crater.

ROYAL MESSAGES.

EASTER GREETINGS BETWEEN KING AND TSAR.

LONDON, April 24.

H.M. the King, in an Easter message to the Tsar, expressed his congratulations and renewed confidence in the victory of the Allied armies. He said: "I followed with delight the recent victorious achievements of your gallant army."

The Tsar replied expressing his warmest thanks and good wishes. "I entirely share your confidence in the ultimate success of our combined efforts."

KING'S MESSAGE TO AUSTRALIA AND NEW ZEALAND.

On the occasion of the anniversary of the landing at Gallipoli H.M. the King sent to the Governor-General of Australia and the Governor of New Zealand the following message:—

"Tell my people of Australia and New Zealand to-day that I join them in solemn tribute to the memory of the heroes of Gallipoli. They gave their lives for a supreme cause in gallant comradeship with the rest of my soldiers and sailors, who fought and died with them. Their valour and fortitude have shed fresh lustre on the British arms. May those who mourn their loss find comfort in the conviction that they did not die in vain, but that their sacrifice has drawn our people more closely together, and adds strength and glory to the Empire."

THE FORTY YEAR TEST.

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favour and popularity until it has attained a world-wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after period of more than forty years. Chamberlain's Cough Remedy not only gives relief—it cures. For sale by all Chemists and Storekeepers.

FIGHTING IN EGYPT.

ENEMY SUFFER HEAVY LOSSES.

LONDON, April 24.

An official message from Egypt reports fighting in the Katia district east of El Kantara on April 23.

An aerial reconnaissance indicated hostile parties in strength from 200 to 300 assembling in the neighbourhood of Dacheir. Five hundred of the enemy delivered a strong attack on our post at Dacheir at five o'clock in the morning, and were beaten off. After the arrival of reinforcements, the enemy withdrew leaving 30 prisoners and 40 killed. The Australians, acting in concert with aeroplanes, harassed the enemy's retreat. The enemy suffered heavily from the fire of the troops and bombs and machine-guns of the aeroplanes.

Katia village, held by a small force of Yeomanry, was attacked simultaneously with Dacheir by 3,000 of the enemy. The Yeomanry withdrew after a severe engagement.

POSITION MAINTAINED IN MESOPOTAMIA.

LONDON, April 24.

An official telegram from Mesopotamia says there has been a bombardment of Samarra throughout the day (24th inst.) and the position is maintained.

SUBMARINE PIRACY.

LONDON, April 24.

The following steamers have been sunk: British, *Feliciana* and *Treguante*. Italian, *Josef August Fugeregg* (2,651 tons).

French, *Chantal* (barge), *Norwegian* (*Olga* (barge)).

The *Feliciana* was a steel screw steamer of 2,470 tons, built in 1906 and owned by Messrs. Furness, Withy & Co. Ltd.

The *Treguante*, a steel screw steamer of 2,491 tons, was built in 1903 and was owned by the Hain S.S. Co. Ltd. of St. Ives.

THE UNITED STATES AND ASIATICS.

EXCLUSION LEGISLATION AND A JAPANESE PROTEST.

LONDON, April 24.

The *Times* Washington Correspondent states that in view of the passing by the House of Representatives of a Bill excluding Asiatics and legislating the Agreement of 1908 restricting the entry of Japanese—and in view of the likelihood of the Senate also passing the Bill—the Japanese Ambassador has told President Wilson that the Japanese Government considers such legislation superfluous, as Japan had loyally observed the agreement.

The President is understood to have promised to try to have the proposed law altered.

This does not mean that he intends to try to secure for the Japanese the privilege of free entry, still less naturalization.

LANCASHIRE COTTON SPINNERS.

A POSSIBLE STRIKE.

LONDON, April 24.

The Lancashire cotton spinners have decided to take a ballot on the question of whether a strike shall be declared to enforce a demand for a 10% advance in wages.

N.Y.K. EUROPEAN LINE.

Owing to the war there was recently a change in the service of N.Y.K. European line, says the *Times* of London. Instead of going via Suez the steamers adopted the Cape route and the vessels called at Colombo as usual. It is understood that there is going to be another change in the service. The outward vessels from London will, until further notice, not call at Colombo. Instead of calling at Colombo after leaving Durban the steamers will come on to the Straits. The vessels homeward-bound from Japan will call at Colombo.

Recently the P. and O. Company received tenders from a number of ship-building firms for the construction of two steamers which they propose to add to their fleet. The vessels, which are for the branch line service, will be 520 ft. in length, and will have considerable insulated space for perishable cargo. The builders who have sent in offers include Messrs. Swan, Hunter and Wigman Richardson, Ltd., Willendy, Messrs. Caird and Co., Ltd., Greenock; Messrs. Alexander Stephen and Sons, Ltd., Linthouse; and Messrs. Cammell, Laird and Co., Ltd., Birkenhead.—*Lloyd's List*.

SHANGHAI GENERAL CHAMBER OF COMMERCE.

THE SIXTY-SIXTH ANNUAL REPORT.

In their 66th annual report, the committee of the Shanghai General Chamber of Commerce state that they present it with some diffidence in the form it takes, but, as in international politics, so with an international commercial body, the European war has brought changes, which have completely altered ordinary routine and procedure. During the past year any question that has been brought to notice has been circulated and commented upon and action taken in accordance with the views expressed, but the Committee have not met.

INTERNATIONAL BODY NEEDED.

In contradiction to the suggestions that the formation of various national Chambers of Commerce would do away with the utility of the General Chamber of Commerce, the report points out that representations affecting international questions will still require a general body to deal with them; further, the General Chamber is part of the general pilage authority and has its representative serving upon the Pilot Board, while, again, its status is recognised by the various Governments in Peking, signatories to the peace protocol, by its acknowledged representation on the Anglo-American Consensus Board. The report also draws attention to the necessity for preserving the interesting records of the Chamber, including its valuable piece-works "Clap" record.

The Committee state that under existing conditions it was considered inadvisable to hold the annual general meeting of members, the present Committee continuing to function until such time as it was considered advisable to hold such a meeting. In connection with the report drawn up by a committee appointed by the Chamber body on wireless telegraphy and submitted to the Diplomatic Corps in Peking, in March, the Senior Consul notified the Chamber that he was in receipt of a despatch from the Dux of the Diplomatic Body stating that the report of the Wireless Telegraphy Conference had been considered, but the opinion was expressed that nothing could usefully be done in the matter at the present juncture, but that the question would be borne in mind for future consideration.

STAMP AND OTHER TAXES.

In the early part of the year an endorsement was made by the Chinese Government Institutions to force foreign firms to comply with the then recently introduced Stamp Tax. The notice of the Consular Body was drawn to this and in a reply from the Senior Consul it was stated that the diplomatic body had had the matter under consideration and they had notified the Chinese Government that before the new law was "imposed" upon foreigners it would have to be referred to their respective Governments for their approval.

The opening of an office at Nantao for the purpose of taxing piece-goods sold there, also received the attention of the Committee. The expression of opinion of the Chamber was endorsed by the Consular Body and, even though the tax had been almost immediately discontinued, the Consular Body lodged a protest with the Chinese authorities. In February attention was drawn to the unsatisfactory position in which local shipping companies were placed as a result of a tax levied at Chefoo on all vessels visiting the port. The imposition of this tax, under the joint sanction of the Diplomatic Body and the Chinese Government for the Chefoo Harbour Improvement Commission was instituted in July 1913, while in February there was no evidence of any work for the betterment of the harbour being undertaken. In April it was learned that tenders had been called for and at the end of the year work on the construction of the Breakwater was well in hand.

A SNEEZE WITH AUSTRIA.

The two following letters appear at the end of the report, which, the Committee state, are merely published for the purpose of record.

Shanghai, May 13, 1915.

Sir,—I have the honour to inform you that in consequence of the Senior Consul's refusal to circulate certain letters which I addressed through him in the usual way to the local Consular Representatives and his refusal to correct a false statement made in an official letter sent by him in the name of the Consular Body to a local Authority, I am to my regret no longer in a position to recognize the now Senior Consul as my representative in the intercourse with your Committee.

I have, therefore, the honour to request you to kindly give the necessary orders that all communications of your Committee, which so far reached me through the Senior Consul's office, be from now addressed to me directly.

I have, etc.

K. BERNATZ, Consul-General for Austria-Hungary.

E. F. Mackay, Esq., Chairman, General Chamber of Commerce, Shanghai.

Shanghai General Chamber of Commerce, Shanghai, June 1, 1915.

Sir,—I have the honour to acknowledge receipt of your letter of May 13 and in reply have to inform you that same will be laid before my colleagues in due course, but meantime would state that on questions concerning trade generally the Chamber cannot depart from its regular practice without the authority of a General Meeting of Members.

I have, etc.

E. F. Mackay, Chairman, Consul-General for Austria-Hungary.

LUSITANO CLUB SPORTS.

ANNUAL MEETING AT HAPPY VALLEY.

LUSITANO CLUB SPORTS.

The annual athletic meeting of the Lusitano Club was held at Happy Valley yesterday and, as usual, was largely attended. The turf was hard and conducive to good times but the heat was trying. A number of cash sweeps on a commission basis was arranged by the committee and the proceeds will be handed over to the troops' Tobacco Fund. HONGKONG TIDES.

The tide-table given below has been compiled at the Nautical Almanac Office in London from the results of the analysis of observations taken by means of an automatic tide-recording machine in the Water Folios Basin at "Sim Sha Tsai" during the years 1897-9-9.

The zero of the table corresponds with the zero of the sounding in the Admiralty Chart which has been found to be a foot 8 inches below mean sea level.

To obtain the depth of water on the tide gauge at the Victoria Naval Yard add 8 feet 4 inches, and on the gauge at Lamoni Dock, Aberdeen, add 10 feet 6 inches to the heights given in the table.

April 26th to May 2nd, 1916.
